Experience

TECHNOLOGY SALES REPRESENTATIVE

RC Willey | December 2024 - Present

I work with customers to select the best computers that fit their desired hardware and software needs. I help educate our customers about the differences between each computer.

TEAM LEAD

IRecertify | June 2022 - December 2024

I ensured my team of around four to ten people were reaching the daily goals for our project. I worked with my team to complete our projects, which consisted of refurbishing, repairing, and preparing products to be sold.

TECHNICAL SUPPORT REPRESENTATIVE

Global Payments Integrated | July 2021 - June 2022

My responsibilities consisted of reaching out to clients via phone calls and emails to diagnose and troubleshoot issues with account settings, computer hardware, and server setups.
